ISNO
International Student Network Organization

Welcome to ISNO, a RamWorks Development Group product.

ISNO Peace Treaty:

By owning a student network and signing this treaty, you agree to do the following:

- Do not start wars with any other proxy documents that have signed.
- Do not raid any other proxy documents that have signed.
- Do not bomb any other proxy documents that have signed.
- Do not spy on any other proxy documents that have signed.
- Do not leak any other proxy documents that have signed.
- Do not report any other proxy documents that have signed.
- Do not copy any other proxy documents that have signed.
- Protect any other proxy documents that have signed.
- Be kind to any other proxy documents and their owner(s)/admin(s)/employee(s) that have signed.
- Do not use slurs/offensive language in your proxy document after signing.
- Do not promote the use of doxxing.
- Do not promote the use of spam.
- Do not promote the use of offensive content.
- Do not promote the use of malware or malicious content.
- Do not tamper with other's signatures.
- Do not break this treaty.

Failure to comply with these guidelines after signature will result in removal from the treaty until you have corrected yourself. Please only put the links of products you own.

We reserve the right to change your submission to better fit these terms. If we do tamper with your submission, we will try our best to notify you.

Below is a location to sign this treaty. Please put all information requested. If there are no more rows then add another.

Not733402 (or something) is permanently banned from this treaty.
